

QUALITY POLICY

CB Energy provides a range of construction services to the Industrial, Residential, Commercial, Energy and Governmental sectors throughout Queensland and Northern New South Wales.

The Company, and expressly Senior Management, is committed to the following objectives:

- To complete all works & projects with less than 1% total value in remedial works/ reworks
- encouraging all employees to accept their responsibility for quality;
- the continual improvement of our quality related performance; and

These objectives are reviewed as a key part of our audit and review process.

Procedures have been implemented to exceed the requirements of **AS/NZS ISO 9001:2008 "Quality Management System - Requirements"**. In our pursuit of continuous improvement, these Procedures are subject to regular internal audit, review and extension to incorporate any developments arising from changes in legislation, technology and customer requirements.

This Quality Policy is issued to Management and Staff and is available to our customers and the public to provide a clear demonstration of our commitment to sound Quality practices.

Tim Clark

A handwritten signature in blue ink, appearing to read 'Tim Clark', is written over a light blue circular stamp.
