

## ENVIRONMENTAL POLICY

CB Energy is a privately owned company providing a range of services to the industrial, commercial, residential, and Government sectors throughout Queensland and Northern New South Wales. CB Energy recognises the importance of the environment and understands the measures required to ensure environmental harmony in the communities that it services.

Our Commitment:

CB Energy will, through our policies, ensure:

- A safe and reliable service provision.
- Compliance with relevant legal requirements.
- Compliance with any other applicable corporate initiatives.
- High standards of business practices.
- Consideration of employee, client and community environmental expectations.

CB Energy will endeavour to:

- Continually improve our Accredited Environment Management System which complies with Australian Standards 14001: 2016
- Ensure that all legislative requirements for the Environmental Protection Act 1994 and subordinate legislation are met or exceeded.
- Regularly review environmental documentation, processes and performance to address issues and to improve sustainability.
- Minimise environmental impact through structured work practices.
- Contribute to employee, client and community environmental awareness.
- Prevent pollution within the environments that our work is carried out.
- Implement sustainability practices to efficiently use resources and minimise waste for the benefit of the community and future generations.
- Train employees in CB Energy environmental practices, policies and procedures

We encourage all employees to present our commitment to environmental and social sustainability through:

- Knowledge and use of our environmental practices, objectives and instructions.
- Personal responsibilities for these issues.

CB Energy has a focus on providing a quality professional service in full compliance with current Workplace Health and Safety whilst embracing our responsibility to society and the environment.

This Environmental Policy is issued to management and employees and is available to customers and the general public as a clear demonstration of our commitment to the environment.

Tim Clark

A handwritten signature in blue ink, appearing to read 'Tim Clark', is written over a faint, larger version of the signature.
